Great, Fridays are not the best for me because that is our production day but I can make it work. Let me know some Fridays in June that will work for you.

Got it, I wasn't sure what the street team would be using. But if the Guides are a possibility I would love for them to have them since it is the only Visitors Guide for Downtown. Your Ambassadors are pretty good about calling and picking up Guides for the kiosks and office but I will have Danielle follow up with them. Is there someone specific to reach out to? I did notice that you were out of the Guide in the front office. I can have some brought over, just let me know who I should contact to set up delivery.

Dawn

The Metro opening street team will have messenger bags that need to hold our maps, postcards with featured destinations, and sunglasses. There might not be enough room in their bags but our full time Ambassadors can definitely use them. We'll also be opening a new visitor kiosk soon that we can stock.

Hi Henna,

First, I really want us to do lunch soon to catch up!

Just want to make sure your street team has our visitors guides and featuring guides. Let me know what you need.
